My name is Judith Woodhead I have lived in Swillington for 52 years. I have 2 children and 4 grandchildren, they all went to Swillington School, I am now a Governor at the school which I love. I became a Parish Councillor because I wanted to try and give back what Swillington has given me. I am also a member of the village hall committee which I have been since it was opened.

I am also a trustee of the Old School House. This year I am involved with Elderberries at Swillington a group that meet every Monday and Fridays. This is a group that has speakers, and activities, for people over the age of 55. Swillington is a very good place to live.
