

St Aidan's Winter Beast Trail Race

26th January 2020

On Sunday 26th January 2020, the St Aidan's Winter Beast Trail Race will take place in and around St Aidan's Nature Reserve.

The race starts at 10:00am close to the St Aidan's RSPB Visitor Centre. It finishes in the same place around 12:00pm. The route is on public footpaths and bridleways and the RSPB have been consulted about both the route and the date.

If you are planning to visit the reserves on this day (e.g. dog walking, cycling, horse riding, walking etc) please be aware that parts of the sites will be busier than normal so please take extra care when out and about.

St. Aidan's visitors should also be aware that the car park will be very busy in the morning. We appreciate your patience in this regard.
